Oakcreek Model B Home— Sample

2-Bedroom, 1-Bath Home

1806 N Husband Stillwater OK 74075

Oakcreek Community cohousing is a 55+, active adult neighborhood of singles and couples who share a common vision of aging-in-place with grace and dignity. The 7+ acre site provides many opportunities to spend time outdoors...walking among the trees, playing games, sitting on rocks next to the creek, and chatting with neighbors along the connected sidewalks or on front porches. The walking is carefree thanks to garages and carports tucked neatly in a corner of the property. There is also expanded living space beyond your own home in the "common house". The Common House features a fully-equipped kitchen for cooking group meals several times a month; an inviting dining room with a gas fireplace, skylights, vaulted ceiling, and tranquil views of the grounds; an intimate sitting room which shares the fireplace for meetings or media events; a large living/activity room; laundry facilities; workshop; an office with Wi-Fi; outdoor patio with grill; and a guest wing that includes 3 bedrooms and 2 bathrooms. Oakcreek is a totally non-smoking environment.

Neighborhood Information -Oakcreek is conveniently located in the heart of Stillwater, Oklahoma. It is near Oklahoma State University, a revitalized downtown area, Boomer Lake, shopping centers, and is approximately a one-hour drive from both Tulsa and Oklahoma City.
